

Warm Up: Why do we have academic discussions?

Why are conversations important? In what ways do having discussion skills impact you and your life? What should an academic discussion feel like? What words would you use to describe it?

--

What do we want our discussion to feel like?	Now how do we all need to act in order to make sure our seminar feels like that?
Brainstorm: What 3 or 4 expectations should we set?	

Initial Response

What would you want to explain to someone who hasn't learned about and explored your topic?

How does the legacy of Slavery impact (labor/music/ healthcare/ infrastructure) in Chicago?	How do you believe it's impacted you and/or your community?

Draft Questions

What questions do you have about the topics you didn't explore and study?

Write 5-7 questions for each topic. Skip the topic you studied
