# IMPORTANT LEADERS AND DYNASTIES

Hatshepsut

-Probably the most important and popular leader is Tutankhamun, or commonly known as “King Tut”. He became a pharaoh in Ancient Egypt. Unfortunately he died due to the theory of a broken leg but recently been proved its from a “Blow to the head” (shot in the head). He died when he was 19.

-Another leader called Hatshepsut brought great wealth and artistry to her land she was also part of the most successful trading expedition, bringing back gold ebony and incense from a place called “Punt” (most likely modern day eritreia)

King Tut

Artistry- creative skill or ability    Theory- a system of ideas to explain something    Incense- a spice that is burned

## ACHIEVEMENTS

*Ancient Egypt achieved making tools, weapons, decorated pottery, villages, makeup, the pyramid of Giza, villages and towns were built. Ancient Egypt became more modern throughout the years. It also took an astounding, 1 THOUSAND years to make pyramids, WOW!*

*Astounding- surprised and amazingly*
