
Right Relationship Viewing Guide

Do Now: What do you think “right relationship” with the earth and each other means? What would this look like? How will we know if we are in it?

With the Earth	With Each Other

- 1) Watch these four video/audio clips from different authors/speakers.
 - a) What do each of these videos/speakers say about our current relationship with the earth?
 - b) What do you think they imagine a “right relationship” with the earth to be?

2) After watching, talk with your group about what you listened to/watched. Are there common themes/answers that come up? Do you agree or disagree with particular authors/thinkers? Why or why not?

3) FINAL GROUP PRODUCT: After watching each of these people and talking with your group, re-answer this question *as a group* – what does your group think “right relationship” looks and feels like?

Write your answers down here and then *make a poster* (colorful! big bold letters! drawings!) that demonstrates your groups answer to this in a visual way
