

Students	Grade Interviewing	Interviewed by	Q1: Do you drink the school water? Why/why not?	Q2: Do you think this year's water tastes better than in previous years?	Q3: What would you want your school to do to keep you and your peers safe from lead exposure?
shae	10th	kelly	"no its dirty"	" i never dranked the water from school"	"better filtering water and maybe give out water.."
isa	11th	kelly	"i bring my own water bottle"	" i dont know but it looks dirty"	
Giovanna	12th	Natasha	"no, because it's dirty and nasty I hate fountain water.	" I never tasted it"	" Hand out water bottles"
		Samara			
	11th	Leticia	no	" I dont know"	"give out water bottles"
Samantha	9th	Griselys and Naelle	"I feel safe drinking it because it's provided by the doe. So yes, I do!"	"Yes, I believe this year the water tastes better than previous experiences i've had with the same filtering companies. They've probably gotten updates throughout the years."	"I would like bi-monthly lead testing updates."
Juan	12th	Emma & Gisleni	No, I don' t brink the school water i dont trust it, instead I bring my own	I dont ever drink the school water bcasue it not reliable .	
rachel	11th	lauren & aliana	"yes, because i need some water."	"yes, because it's colder on every floor, it doesn't taste like metal."	"Ask the school to run lead examinations every three months."
Dylan	11th	Chloe	"No, because i bring my own water."	"I never drank from the water fountain."	
		Jancarlos			
Andy	11th	Jeremiah	"No, because you can't trust where the water comes from."	"No, it's still the same water from the same place."	"Probably clean the pipes and check for lead every few weeks."
		Jordalys			
Merlin	11th	Brianna	"No cause I'm scared of lead."	"yes. I think this year's water is better than the previous year due to filtration improvments."	"I would like my school to do frequent checks on the water system. Make sure the water has no lead and I don't get poison if possible, install water barrels so that we may drink water out of barrel instead of the fountain."
Robby	11th	Chloe	"No, i do not."	"Yeah."	"I don't know."
Ulises	10th	Misael, reggie	yes, because I don't bring water and need to drink water.	yes, it taste fresher and colder	The school should get more and better filtering and test for lead more often.
Nazifa	11th	Mohammed	No, because the fountain is very dirty	Yes, it is colder making it nicer	The school should get more and better filtering and test for lead more often.
sean	11th	thomas	Yeah, only when extremely thirsty.	yeah, less plastically	I want them to get even better filters.

<b>Student Name</b>	<b>Grade</b>	<b>Interviewed By</b>	<b>Q1: Are you aware of lead exposure consequences</b>	<b>Q2: Do you drink our school water? If yes, how many times a day?</b>	<b>Q3: What would you want your school to do to keep you and your peers safe from lead exposure?</b>
Jacob		genesis	yes	no	run test, take extra precaution, cleaner filtering, well awareness if there is a problem.
	11				
Melina	10	Alivia	No	No	Get better materials and filters for the water.
Valerie		Daliah	No	No	Run tests on thw water to make sure its clean beofre exosing it to students
tina aggoun	9	Maritza,Ayden,Farida,Alexa	"yes,i think it effects your brain"	"5 times a day at most"	"fix the water filtrartion system. Paint with non-lead pasint.
Aliana		Jaden	yes	sometimes if i bring my water bottle	I know that there are lead on the 7th floor because i tested there so if they can fix the problem that will be great
Anthony	11				
Mariama	11	Nazifa	"no"	"No I don't"	
Isaac	11	Melody and Sung Ho	No	Yes , about 9 times a day	Put filters in water fountains so the lead can be filtered out
Jonathan	10	Melody and Sung Ho	No	No , it tastes bad and its green	Give us juice instead
Lynise					
anonymous	9th	Abigail	yea	yes, depends, maybe once every two days	
Anaiyah	9th	mia	no		Alert people.
Ellis	10th	mia	yes	yes, because sometimes im thirsty	^^
Sebastian	11th	William	"Nah"	"I try to stay away"	"Keep letting us know if theres lead or not"
